Dandeli, Karnataka - 581325, India

OBJECTIVE

Results-driven Full Stack Developer with hands-on experience in designing, developing, and deploying scalable web applications using the MERN Stack (MongoDB, Express.js, React.js, Node.js). Skilled in frontend development, backend API development, RESTful services, database management, authentication, authorization, deployment, and AI Prompt Engineering. Strong understanding of software development lifecycle, responsive web design, and full-stack application architecture. Seeking an entry-level Full Stack Developer role to build innovative, scalable, and user-centric software solutions.

SKILLS

- **Programming Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frontend Development:** React.js, Tailwind CSS, Responsive Web Design, Flexbox, CSS Grid, Component-Based Architecture, React Hooks
- **Backend Development:** Node.js, Express.js, RESTful API Development, Middleware, Server-Side Development
- **Database Technologies:** MongoDB, Mongoose, Schema Design, Data Modeling, Database Management
- **Authentication & Security:** JWT Authentication, Authorization, Protected Routes, User Access Control
- **Web Services & APIs:** REST APIs, API Integration, JSON, HTTP/HTTPS, Client-Server Architecture
- **AI & Prompt Engineering:** Prompt Engineering, ChatGPT, AI-Assisted Development, AI-Based Debugging, AI Productivity Tools
- **Tools & Version Control:** Git, GitHub, VS Code, Postman, NPM
- **Deployment & Hosting:** Vercel, Render, Web Application Deployment
- **Core Concepts:** CRUD Operations, Asynchronous Programming, Promises, Async/Await, Frontend-Backend Integration

PROJECTS

• E-Commerce Web Application (MERN Stack)

React.js, Node.js, Express.js, Tailwind CSS, MongoDB, Mongoose | Vercel, Render

- Developed a scalable full-stack e-commerce application using MongoDB, Express.js, React.js, and Node.js.
- Designed and integrated secure RESTful APIs for user authentication, product management, shopping cart, and order processing.
- Implemented JWT-based authentication and authorization to ensure secure user access and protected routes.
- Utilized MongoDB and Mongoose for schema design, database modeling, and efficient data management.
- Built responsive and reusable React.js components with Tailwind CSS to enhance user experience across devices.
- GitHub Repo: <https://github.com/MeenalKesarkar/E-com>

• MERN-Stack Blog Application

React.js, Node.js, Express.js, MongoDB, Mongoose

- Developed a full-stack blogging platform using the MERN Stack with complete CRUD functionality.
- Built and integrated RESTful APIs for content creation, editing, updating, and deletion.
- Implemented JWT authentication and authorization for secure user login and access management.
- Integrated MongoDB database for persistent storage and efficient data retrieval.
- Utilized React Hooks and component-based architecture to build dynamic and responsive user interfaces.
- GitHub Repo: <https://github.com/MeenalKesarkar/BlogApp-using-React>
- Live Demo: <https://blog-app-using-react-rho.vercel.app/>

• Portfolio Web Application

React.js, Tailwind CSS, Vercel

- Developed and deployed a responsive portfolio web application using React.js and Tailwind CSS.
- Designed reusable UI components and optimized application performance across multiple devices.
- Showcased technical projects, skills, certifications, and achievements through an interactive user interface.
- Applied modern UI/UX design principles to improve accessibility, responsiveness, and user engagement.
- GitHub Repo: <https://github.com/MeenalKesarkar/Portfolio01>
- Live Demo: <https://portfolio01-ecru-six.vercel.app/>

EXPERIENCE

- **Freelance Full Stack Developer**
Self-Employed

2023 Present

Dandeli, Karnataka, India

- Designed, developed, and deployed full-stack web applications using React.js, Node.js, Express.js, MongoDB, HTML5, CSS3, and JavaScript.
 - Built responsive frontend interfaces and integrated RESTful APIs for seamless frontend-backend communication.
 - Implemented authentication, authorization, CRUD operations, and database-driven functionalities for client projects.
 - Collaborated with clients to gather requirements, provide technical solutions, and deliver customized web applications.
 - Managed deployment workflows using Vercel and Render while ensuring application performance and reliability.
 - Leveraged AI-assisted development and Prompt Engineering techniques to accelerate debugging, development, and feature implementation.

INTERNSHIPS

- **Data Science Intern**
ADVI Group of Companies

Mar 2024 - Apr 2024

- Gained hands-on experience in data analysis and database operations.
 - Developed a kidney stone prediction model using clinical data and machine learning algorithms.
- **Frontend Developer Intern (React.js)**
Super Simple Dev

Jan 2025 - Feb 2025

- Built responsive and dynamic user interfaces using React.js with reusable components.
 - Implemented state management, routing, and API integration using Axios.
 - Optimized UI performance and improved user experience with modern React practices.
- **Backend Developer Intern (Node.js, Express.js)**
Super Simple Dev

Feb 2025 - Mar 2025

- Developed RESTful APIs using Node.js and Express.js for handling application data.
 - Implemented CRUD operations and server-side logic for scalable web applications.
 - Ensured efficient error handling and API performance optimization.
- **Full Stack Developer Intern (MongoDB, HTML5, CSS3, JavaScript(ES6+))**
Mind Luster

Mar 2025 - Apr 2025

- Designed and developed full-stack web applications using MongoDB, HTML5, CSS3, and JavaScript(ES6+).
 - Integrated frontend with backend services and managed data storage using MongoDB.
 - Created responsive layouts and improved application usability across devices.

EDUCATION

- **Karnataka Law Society's BCA College**
Bachelor of Computer Applications (BCA)

2022 – 2025

Dharwad, Karnataka, India

- CGPA: 7.6/10

CERTIFICATIONS

- **HTML,CSS and Java script:** Mind Luster

Jul 2023

• **Data Analytics:** Honeywell

Dec 2023

• **MySQL:** Udemy

Mar 2025

• **ReactJS:** Super Simple Dev

Nov 2025

• **NodeJS & MongoDB:** Super Simple Dev

Dec 2025
